In our class, **Meet the Instruments**, children observe, listen and are given the opportunity to hold and experiment with their own miniature version of classical instruments of the orchestra, as well as folk instruments such as guitar, accordion and harmonica. This class welcomes "**special guest musicians**", on alternate weeks, who introduce the **violin**, **flute**, **clarinet**, **guitar**, **French horn**,. In addition to a lead music teacher, every class features a **LIVE** pianist! (max # of children: 11)

**Make-believe is a wonderful thing!** In the fun-filled **Make-Believe Melodies & Masterpiece** class, we'll introduce children to a different literary theme each week. Some stories are: **Dogs Don't Do Ballet**, **Pets who Live at the MET**, Tea Party with **Eloise at the Plaza**, and the very wild- **Where The Wild Things Are!** They'll start the week meeting **Lola**, a friendly French Bulldog who loves **Ballet, Opera & Art!** After story-time and book discussion, we'll move into the "**Land of Make Believe**", where children will listen to Classical, Opera, even a little Jazz or Bob Marley! They may do a few pliés & dance around, or march in a parade and be **Wild Things** while accompanied by **LIVE piano, flute or guitar** music!! Children will then start their Art Project based on our Story of the Day. (min # of children: 5, max # of children: 11)
